HOW TO USE IT

- Pick the phrase, practice it twice on its page, then write the real card.
- Lay the card or envelope on its guide over a bright window, or pencil the ticks.
- Let the ink dry before you erase any pencil line (Chapter 11).

Print at 100% (Actual size), never "Fit to page", so every template comes out at true size.
Card stock of 65 to 110 lb works for tags and place cards.
